Market has wide range of brands to offer then why us. We craft our products with just once try our range and experience

The Home Labs.

We live in an era where instant solution to all problems are needed. While there isn't much that we contribute towards Mother Nature, there still are many unknown benefits and combinations it has in store for us to feel at most relief from nearly 70% of the health and appearance related issues.

Keeping that in mind, and taking it from the secrets of ayurveda and herbalism, and playing it cool with methods of providing with the various products ranging from head to toe, we, THEHOMELABS, are in a relay to promote completely Organic, Herbal, Paraben, Sulphate and in all, a Chemical free life ahead.

With a variety of day to day products along with various infusions and other herbal alternatives to heavy chemical and inorganic products, we have got you covered.

We focus on various ingredients that can be derived from within a layman's reach, that are very much accessible in day to day use.

Plants like Aloe Vera, Lavender, Marigold, Tamarind, Mint, Natural Clays, Organic Fruit Extracts, Hibiscus, Rose and many ancient herbs like, Manjistha, Red Sandal, Amba Haldi, Taggar, Khus-Khus, Ratanjot, Cardamom, Fennel Seeds and with many others, we balance and formulate combinations that effectively provides an alternative to many of the man made synthetics which can be neglected while the benefits of both being the same- Well Being.

The underlying idea is to promote natural and chemical free lifestyle in every best way possible.

The home Labs products are meticulously crafted by identifying most beneficial ingredients to ensure it pampers your body and soul.

All the products are totally

- Chemical free
- organic and
- free from heavy preservatives,
- cruelty free and 100% natural by all means.

A wide range of products of daily use viz. soaps / creams /shampoos / hair oil/ skin ointments - all are derived out of natural herbal and non toxic ingredients to suit different type of body structures with array of variants

to the likes and tastes /flavors. A detailed list of product with application method could be collected by mailing at the following address.

The team is in the continuous research process in developing wide range of more and more product.

Any and all suggestions and feedback on the result based on your personal use of our range of products is most welcome.

No doubt – market is full of many brands to offer.

Try once our range of products to feel the difference and start using our [Nature blessed products](#)

Let us give a good treat to our body by pampering our body and soul by using natural products developed by

THE HOME LABS.

PRODUCT DISCLAIMER

THE HOME LABS products are handcrafted in small batches. It is therefore very rare to create identical items. Every batch made with herbs and clay may vary in color, texture but our formula remains the same to provide regular results and satisfaction. There may be natural blemishes/variations that are not product flaws. Such variations are inherent in the manufacturing of handmade products, so you may find minor distinctions that make your buys special and truly one-of-a-kind.

The product images on the our website may differ from the products you receive due to variations in electronic screens settings (computer/laptop/tablet/Smart phones).

Please note that while we have tried to accurately display the colors of products, **the actual colors you see will depend on your monitor and may not be accurate.** You may request a photo of the item by contacting [7617616191](tel:7617616191) THE HOME LABS.
